DETAILED ACTION

Allowable Subject Matter

Claims 14-22, 28-42 and 47-66 are allowed.

The following is an examiner's statement of reasons for allowance:

Referring to independent claims 14, 28, 40-42 and 54, the prior art of record fails to anticipate or rendered obvious the combined element/steps of "**modifying the plurality of input signals according to system baseline values stored in multimedia system for the plurality of different media devices without selecting a media device**" in conjunction with the remaining limitations, as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art fails to teach setting baseline values without selecting a media device, as discussed by Applicant in the arguments filed 9/16/2009.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason P. Salce whose telephone number is (571) 272-7301. The examiner can normally be reached on M-F 9am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Miller can be reached on (571) 272-7353. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
